SUBJECT INDEX

- 5-hydroxytryptamine-induced pulmonary dysfunction in cattle, Comparison of three metrenperone dosage regimens inhibiting the, 25
- Abnormalities of collagen fibrils in a rabbit with a connective tissue defect similar to Ehler-Danlos syndrome, 346
- Absorption in the small intestine of weaned pigs, A long-term perfusion test to measure net, 108
- Actinobacillus pleuropneumoniae* serotype 2, Protective immunity following immunisation of pigs with aerosol of, 281
- Actinobacillus pleuropneumoniae* strains of serotypes 1, 9 and 11, Serological characterisation of, 179
- Acute phase response, food intake, liveweight change and lesions following injection of yeast in sheep, 360
- Adenylate cyclase, Vaccine-derived *Pasteurella haemolytica* alter the responses of ovine pulmonary artery and vein to drugs acting on, 85
- Airway of goats, Histochemical and morphometric properties of muscles of the upper, 215
- Albumen as endogenous markers of dilution of equine bronchoalveolar lavage fluid, Evaluation of urea and, 52
- Alteration of cellular immune responses by nutrition and weaning in calves, 298
- Ammonium molybdate in pregnant guinea pigs and their offspring, Effect of thiomolybdate and, 224
- Amyloid-A, Purification and quantitative measurement of bovine serum, 317
- Association between cessation of leptospirosis in cattle and urinary antibody levels, 195
- Atracurium besylate in the halothane-anaesthetised pig, Dose-response relationship of, 392
- β -lactamases resistant to inhibition by clavulanic acid produced by calf faecal coliforms, Plasmid encoded, 367
- Behavioural responses of lambs of three ages in the first three hours after three methods of castration and tail docking, 236
- Biochemical and haematological changes following prolonged halothane anaesthesia in horses, 338
- Biological characterisation of an Indian isolate of egg drop syndrome-76 virus, 396
- Blood flow in normal sheep, Pulsed wave Doppler echocardiographic evaluation of intracardiac, 189
- Bronchoalveolar lavage fluid, Evaluation of urea and albumen as endogenous markers of dilution of equine, 52
- Bronchoalveolar lavage fluid harvested from different segments of the equine lung, Comparison of cellular and molecular components of, 57
- Budgerigars (*Melopsittacus undulatus*) inflicted with muscle injury, Serum activity evaluated in, 275
- Camel (*Camelus dromedarius*): effect of exogenous administration of oestrogen and progesterone, Uterine activity after ovariectomy in the, 382
- Carbon monoxide in anaesthetised sheep: normal values and reproducibility of measurements, Lung compliance, lung volume and transfer factor for, 137
- Cardiopulmonary bypass in dogs, An experimental study of cross-circulation for, 144
- Castration and tail docking, Behavioural responses of lambs of three ages in the first three hours after three methods of, 236
- Castration and tail docking, Changes in plasma cortisol concentration in lambs of three ages after three methods of, 246
- Cellular defence in the respiratory tract of young calves, Maturation of, 292
- Cellular immune responses by nutrition and weaning in calves, Alteration of, 298
- Cerebral ventricles of the horse, A new technique for assessing the, 389
- Cervical canal of clinically normal sows, Isolation of *Corynebacterium pseudotuberculosis* from the, 356
- Changes in plasma cortisol concentration in lambs of three ages after three methods of castration and tail docking, 246
- Characterisation of *Ostertagia ostertagi* antigens by the different bovine immunoglobulin isotypes, 203
- Chromosomes of the domestic pig (*Sus scrofa*), Folate sensitive common fragile sites in, 231
- Citrullinaemia, Prenatal diagnosis of bovine, 271
- Clavulanic acid produced by calf faecal coliforms, Plasmid encoded β -lactamases resistant to inhibition by, 367
- Coliforms, Plasmid encoded β -lactamases resistant to inhibition by clavulanic acid produced by calf faecal, 367
- Collagen fibrils in a rabbit with a connective tissue defect similar to Ehler-Danlos syndrome, Abnormalities of, 346
- Comparison of cellular and molecular components of bronchoalveolar lavage fluid harvested from different segments of the equine lung, 57
- Comparison of five commercial radioimmunoassay kits for the measurement of feline insulin, 64
- Comparison of polymerase chain reaction with virus isolation and haemagglutination assays for the detection of canine parvovirus in faecal specimens, 60
- Comparison of serum, milk and urine as samples in an enzyme immunoassay for bovine leukemia virus, 394
- Comparison of three metrenperone dosage regimes inhibiting the 5-hydroxytryptamine-induced pulmonary dysfunction in cattle, 25
- Cooperia oncophora* in the calf, Experimental concurrent infections with *Ostertagia ostertagi* and, 92
- Cortisol concentration in lambs of three ages after three methods of castration and tail docking, Changes in plasma, 246
- Cortisol concentration in dogs given cortisone or placebo by mouth, Plasma, 379
- Cortisone or placebo by mouth, Plasma cortisol concentrations in dogs given, 379

- Corynebacterium pseudotuberculosis* from the cervical canal of clinically normal sows, Isolation of, 356
- Cowdria ruminantium*, In vitro infection of bovine brain endothelial cells by, 258
- Crypt depth in weaned and unweaned pigs, reared under various circumstances in the Netherlands, Villus height and, 78
- Decreased oro-caecal transit time, as measured by the exhalation of hydrogen, in hyperthyroid cats, 115
- Development and survival at low temperature of the free living stages of *Trichostrongylus tenuis*, 20
- Dichelobacter nodosus*, isolated from ovine foot rot, Use of elastase test, gelatin test and electrophoretic zymogram to determine virulence of, 124
- Disodium calcium EDTA, Erythrocyte ALA-d activity in experimentally lead-poisoned ducks and its change during treatment with, 252
- Doppler echocardiographic evaluation of intracardiac blood flow in normal sheep, Pulsed wave, 189
- Dose-response relationship of atracurium besylate in the halothane-anaesthetised pig, 392
- Ductus arteriosus in West African dwarf goats, Postnatal closure of the, 185
- Effect of fasting on blood lipid peroxidation parameters of sheep, 104
- Effect of thiomolybdate and ammonium molybdate in pregnant guinea pigs and their offspring, 224
- Effects of fatty acids on the growth and composition of *Malassezia pachydermatis* and their relevance to canine otitis externa, 119
- Effects of inhibition of nitric oxide synthase on systemic arterial pressure and renal vascular resistance in cats, 398
- Effects of papain on the agglutination of canine red cells with serum autoantibodies, 156
- Egg drop syndrome-76 virus, Biological characterisation of an Indian isolate of, 396
- Ehler-Danlos syndrome, Abnormalities of collagen fibrils in a rabbit with a connective tissue defect similar to, 346
- Erythrocyte ALA-d activity in experimentally lead-poisoned ducks and its change during treatment with disodium calcium EDTA, 252
- Escherichia coli* infection, Tight junctional structure and permeability of porcine jejunum after enterotoxigenic, 10
- Evaluation of aspects of the protection afforded to sheep immunised with a gut membrane protein of *Haemonchus contortus*, 1
- Evaluation of canine small intestinal permeability using the lactulose/rhamnose urinary excretion test, 326
- Evaluation of free or liposome-encapsulated ribavirin for antiviral therapy of experimentally induced feline infectious peritonitis, 162
- Evaluation of urea and albumin as endogenous markers of dilution of equine bronchoalveolar lavage fluid, 52
- Exercise-associated rhabdomyolysis, Potassium concentrations in muscle, plasma and erythrocytes and urinary fractional excretion in normal horses and those with chronic intermittent, 43
- Exercise-induced elevation of plasma vasopressin concentration in horses, Furosemide magnifies the, 151
- Experimental concurrent infections with *Ostertagia ostertagi* and *Cooperia oncophora* in the calf, 92
- Experimental study of cross-circulation for cardiopulmonary bypass in dogs, An, 144
- Fasted ponies, Twenty-four hour gastric pH monitoring and blood gastrin concentrations in, 261
- Fasting on blood lipid peroxidation parameters of sheep, Effect of, 104
- Feed intake affects metabolic clearance rate of progesterone in sheep, 307
- Fetal membranes, Impaired post partum neutrophil function in cows which retain, 15
- Folate sensitive common fragile sites in chromosomes of the domestic pig (*Sus scrofa*), 231
- Foot rot, Use of elastase test, gelatin test and electrophoretic zymogram to determine virulence of *Dichelobacter nodosus* isolated from, 124
- Furosemide magnifies the exercise-induced elevation of plasma vasopressin concentration in horses, 151
- Gastrin concentrations in fasted ponies, Twenty-four hour gastric pH monitoring and blood, 261
- Haemonchus contortus*, Evaluation of aspects of the protection afforded to sheep immunised with a gut membrane protein of, 1
- Haemorrhagic enteritis virus of turkeys, A monoclonal antibody-based immunoperoxidase method for rapid detection of, 98
- Halothane-anaesthetised pig, Dose-response relationship of atracurium besylate in the, 392
- Halothane anaesthesia in horses, Biochemical and haematological changes following prolonged, 338
- Histochemical and morphometric properties of muscles of the upper airway of goats, 215
- Hydrogen, in hyperthyroid cats, Decreased oro-caecal transit time, as measured by the exhalation of, 115
- Hyperthyroid cats, Decreased oro-caecal transit time, as measured by the exhalation of hydrogen, in, 115
- Impaired post partum neutrophil function in cows which retain fetal membranes, 15
- In vitro infection of bovine brain endothelial cells by *Cowdria ruminantium*, 258
- Influence of Newcastle disease virus on the severity of *Pasteurella anatipestifer* infection in turkeys, 209
- Indian isolate of egg drop syndrome-76 virus, Biological characterisation of an, 396
- Insulin, Comparison of five commercial radioimmunoassay kits for the measurement of feline, 64
- Isolation of *Corynebacterium pseudotuberculosis* from the cervical canal of clinically normal sows, 356
- Isolation of infectious laryngotracheitis virus from proximal femora of lame broiler chickens, 377
- Jejunum after enterotoxigenic *Escherichia coli* infection, Tight junctional structure and permeability of porcine, 10
- Lactulose/rhamnose urinary excretion test, Evaluation of canine small intestinal permeability using the, 326
- Laryngeal nerve in young 'normal' horses, Morphometric study of the recurrent, 333
- Laryngotracheitis virus from proximal femora of lame broiler chickens, Isolation of infectious, 377

- Lead-poisoned ducks and its change during treatment with disodium calcium EDTA, Erythrocyte ALA-d activity in experimentally, 252
- Leptospirosis in cattle and urinary antibody levels, Association between cessation of, 195
- Leukaemia virus, Comparison of serum, milk and urine as samples in an enzyme immunoassay for bovine, 394
- Liver blood flow and metabolic clearance rate of progesterone in sheep, 311
- Long-term perfusion test to measure net absorption in the small intestine of weaned pigs, A, 108
- Lung compliance, lung volume and transfer factor for carbon monoxide in anaesthetised sheep: normal values and reproducibility of measurements, 137
- Lymphocyte subsets in the mammary glands of sows, 351
- Malassezia pachydermatis* and their relevance to canine otitis externa, Effects of fatty acids on the growth and composition of, 119
- Mammary gland and mammary secretions, Secretory, component and IgA expression by epithelial cells in sows, 265
- Mammary glands of sows, Lymphocyte subsets in the, 351
- Maturation of cellular defence in the respiratory tract of young calves, 292
- Metreperone dosage regimens inhibiting the 5-hydroxytryptamine-induced pulmonary dysfunction in cattle, Comparison of three, 25
- Monoclonal antibody-based immunoperoxidase method rapid detection of haemorrhagic enteritis virus of turkeys, A, 98
- Morphometric study of the recurrent laryngeal nerve in young 'normal' horses, 333
- Muscle injury, Serum enzyme activity evaluated in budgerigars (*Melopsittacus undulatus*) inflicted with, 275
- Mycoplasma gallisepticum* and *Mycoplasma synoviae*, Species-specific oligonucleotide probes complementary to 16S rRNA of, 130
- Mycoplasma hyopneumoniae* following intraperitoneal vaccination and challenge of pigs with *M. hyopneumoniae*, Serum and mucosal antibody response against, 371
- Mycoplasma synoviae*, Species-specific oligonucleotide probes complementary to 16S rRNA of *Mycoplasma gallisepticum* and, 130
- Neutrophil function in cows which retain fetal membranes, Impaired post partum, 15
- New technique for assessing the cerebral ventricles of the horse, A, 389
- Newcastle disease virus on the severity of *Pasteurella anatipestifer* infection in turkeys, Influence of, 209
- Nitric oxide synthase on systemic arterial pressure and renal vascular resistance in cats, Effects of inhibition of, 398
- Oestrogen and progesterone, Uterine activity after ovariectomy in the camel (*Camelus dromedarius*): effect of exogenous administration of, 382
- Orocaecal transit time, as measured by the exhalation of hydrogen, in hyperthyroid cats, Decreased, 115
- Ostertagia ostertagi* and *Cooperia oncophora* in the calf, Experimental concurrent infections with *Ostertagia ostertagi*, 92
- Ostertagia ostertagi* antigens by the different bovine immunoglobulin isotypes, Characterisation of, 203
- Otitis externa, Effects of fatty acids on the growth and composition of *Malassezia pachydermatis* and their relevance to canine, 119
- Ovariectomy in the camel (*Camelus dromedarius*): effect of exogenous administration of oestrogen and progesterone, Uterine activity after, 382
- Oxytocin after suppression of prostaglandin synthesis in hysterectomised ewes, Pulsatile release of, 38
- Papain on the agglutination of canine red cells with serum autoantibodies, Effects of, 156
- Parvoviruses in faecal specimens, Comparison of polymerase chain reaction with virus isolation and haemagglutination assays for the detection of canine, 60
- Pasteurella anatipestifer* infection in turkeys, Influence of Newcastle disease virus on the severity of, 209
- Pasteurella haemolytica* alter the responses of ovine pulmonary artery and vein to drugs acting on adenylate cyclase, Vaccine-derived, 85
- Perfusion test to measure net absorption in the small intestine of weaned pigs, A long-term, 108
- Peritonitis, Evaluation of free or liposome-encapsulated ribavirin for antiviral therapy of experimentally induced feline infectious, 162
- Permeability using the lactulose/rhamnose urinary excretion test, Evaluation of canine small intestinal, 326
- Plasma cortisol concentrations in dogs given cortisone or placebo by mouth, 379
- Plasmid encoded β -lactamases resistant to inhibition by clavulanic acid produced by calf faecal coliforms, 367
- Polymerase chain reaction with virus isolation and haemagglutination assays for the detection of canine parvoviruses in faecal specimens, Comparison of, 60
- Postnatal closure of the ductus arteriosus in West African dwarf goats, 185
- Potassium concentrations in muscle, plasma and erythrocytes and urinary fractional excretion in normal horses and those with chronic intermittent exercise-associated rhabdomyolysis, 43
- Prenatal diagnosis of bovine citrullinaemia, 271
- Progesterone, Uterine activity after ovariectomy in the camel (*Camelus dromedarius*): effect of exogenous administration of oestrogen and, 382
- Progesterone in sheep, Feed intake affects metabolic clearance rate of, 306
- Progesterone in sheep, Liver blood flow and metabolic clearance rate of, 311
- Prostaglandin synthesis in hysterectomised ewes, Pulsatile release of oxytocin after suppression of, 38
- Protective immunity following immunisation of pigs with aerosol of *Actinobacillus pleuropneumoniae* serotype 2, 281
- Proximal femora of lame broiler chickens, Isolation of infectious laryngotracheitis virus from, 377
- Pseudotuberculosis* from the cervical canal of clinically normal sows, Isolation of *Corynebacterium*, 356
- Pulsatile release of oxytocin after suppression of prostaglandin synthesis in hysterectomised ewes, 38
- Pulsed wave Doppler echocardiographic evaluation of intracardiac blood flow in normal sheep, 189
- Purification and quantitative measurement of bovine serum amyloid-A, 317
- Renal vascular resistance in cats, Effects of inhibition of nitric oxide synthase on systemic arterial pressure and, 398

- Respiratory tract of young calves, Maturation of cellular defence in the, 292
- Rhabdomyolysis, Potassium concentrations in muscle, plasma and erythrocytes and urinary fractional excretion in normal horses and those with chronic intermittent exercise-associated, 43
- Ribavirin for antiviral therapy of experimentally induced feline infectious peritonitis, Evaluation of free or liposome-encapsulated, 162
- Scrapie associated fibril detection on decomposed and fixed ovine brain material, 173
- Secretory, component and IgA expression by epithelial cells in sow mammary gland and mammary secretions, 265
- Selective changes in oxidative xenobiotic metabolism in vivo and in vitro after parenteral administration of recombinant bovine somatotrophin to rats, 31
- Seroepidemiological study of *Taenia saginata* cysticercosis in Swaziland, 287
- Serological characterisation of *Actinobacillus pleuropneumoniae* strains of serotypes 1, 9 and 11, 179
- Serum and mucosal antibody responses against *Mycoplasma hyopneumoniae* following intraperitoneal vaccination and challenge of pigs with *M. hyopneumoniae*, 371
- Serum enzyme activity evaluated in budgerigars (*Melopsittacus undulatus*) inflicted with muscle injury, 275
- Somatotrophin to rats, Selective changes in oxidative xenobiotic metabolism in vivo and in vitro after parenteral administration of recombinant bovine, 31
- Species-specific oligonucleotide probes complementary to 16S rRNA of *Mycoplasma gallisepticum* and *Mycoplasma synoviae*, 130
- Systemic arterial pressure and renal and vascular resistance in cats, Effects of inhibition of nitric oxide synthase on, 398
- Taenia saginata* cysticercosis in Swaziland, Seroepidemiological study of, 287
- Tail docking, Behavioural responses of lambs of three ages in the first three hours after three methods of castration and, 236
- Tail docking, Changes in plasma cortisol concentration in lambs of three ages after three methods of castration and, 246
- Thiomolybdate and ammonium molybdate in pregnant guinea pigs and their offspring, Effect of, 224
- Tight junctional structure and permeability of porcine jejunum after enterotoxigenic *Escherichia coli* infection, 10
- Trichostrongylus tenuis*, Development and survival at low temperature of the free living stages of, 20
- Twenty-four hour gastric pH monitoring and blood gastrin concentrations in fasted ponies, 261
- Urea and albumen as endogenous markers of dilution of equine bronchoalveolar lavage fluid, Evaluation of, 52
- Use of elastase test, gelatin test and electrophoretic zymogram to determine virulence of *Dichelobacter nodosus* isolated from ovine foot rot, 124
- Uterine activity after ovariectomy in the camel (*Camelus dromedarius*): effect of exogenous administration of oestrogen and progesterone, 382
- Vaccine-derived *Pasteurella haemolytica* alter the responses of ovine pulmonary artery and vein to drugs acting on adenylate cyclase, 85
- Vasopressin concentration in horses, Furosemide magnifies the exercise-induced elevation of plasma, 151
- Villus height and crypt depth in weaned and unweaned pigs, reared under various circumstances in the Netherlands, 78
- Viral antibodies in bovine fetuses in Argentina, 385
